Bálint Gyevnár

Carnegie Mellon University
Institute for Complex Social Dynamics
4825 Frew St, Pittsburgh, PA 15213

gbalint.me
bgyevnar@cmu.edu

Employment

09/2025 – present **Carnegie Mellon University**
Postdoctoral Research Associate with Nihar Shah and Atoosa Kasirzadeh
Current projects: assessment of author understanding at grecaptcha.com; investigating failure modes of AI scientist systems, such as indirect data poisoning and backdooring;

Education

09/2021 – 05/2026 **University of Edinburgh**
Ph.D. in Natural Language Processing
Supervisors: Stefano Albrecht, Shay Cohen, Chris Lucas
Thesis: Action Explanation of Multi-Agent Systems via Counterfactual Reasoning [link]
Examiners: Ann Nowé, Bonan Zhao

09/2016 – 05/2021 **University of Edinburgh**
M.Inf in Informatics
Supervisor: Maria Wolters
Thesis: Comparison of Account Survival on Twitter During the First Wave of COVID-19

08/2018 – 06/2019 **Nanyang Technological University**
Exchange Year in Computer Science

Past Employment

07/2023 – 12/2024 **University of Edinburgh**, Edinburgh Futures Institute
Research Assistant with Shannon Vallor, Atoosa Kasirzadeh

09/2020 – 09/2025 **University of Edinburgh**, School of Informatics
Teaching Assistant (see *Teaching*)

05/2020 – 10/2020 **FiveAI**, Edinburgh
Research Intern with Stefano Albrecht

Awards

2024 **Colours Award for Outstanding Volunteering Contribution to Sports**
Edinburgh University Sports Union

2023 **AI100 Early Career Essay Competition, Featured Essay**
One Hundred Year Study on Artificial Intelligence, Stanford University

2022 **Trustworthy Autonomous Systems Early Career Researcher Award**
UK Research & Innovation £4,000

2021 **Shape the Future of ITS Competition Award**
IEEE Intelligent Transportation Systems Society $1,000

Teaching

Teaching Assistant (University of Edinburgh)

Spring 2024 EFIE11173: Evaluating Sustainable Lands and Cities
EFIE11179: Data, Mobility, Infrastructure

Spring 2024 INFR11010: Reinforcement Learning

Autumn 2023 INFR11194: Doing Research in Natural Language Processing

Spring 2022 INFR11202: Machine Learning Theory

Autumn 2020 INFR08027: Informatics 2C - Introduction to Computer Systems
INFR10069: Introductory Applied Machine Learning.

Mentoring

09/2026–present **Kerissa Duliga**; Master's student of Computer Science

09/2026–present **Yiming Shao**; Undergraduate student of Computer Science

10/2026–present **Brandon Zhou**; Master's student of Philosophy

Service

10/2025 **Workshop Organiser**
Evaluating Explainable AI and Complex Decision-Making, ECAI 2025

Reviewer / PC Member
Journals: Nature Communications (2025); Artificial Intelligence Review (2025); International Journal of Human-Computer Interaction (2026); IEEE Transactions on Intelligent Transportation Systems (2025); Journal of Autonomous Agents and Multi-Agent Systems (2026)
Conferences: AAAI (2026); AIES (2025); CHI (2025, 2026); ECAI (2023); FAccT (2026, 2027); ICRA (2025); IASEAI (2026, 2027); IROS (2025); NeurIPS (2025); XAI (2026)
Workshops: Academic Mindtrek (2026), EMNLP BlackboxNLP (2025), NeurIPS AI4Metascience (2026)

Igazságkereső AI helyett MuskGPT lett a milliárdos chatbotjából, a Grokból

Invited Talks

06/2026 **Columbia University**. Machine Learning Summer School. (Hosted by Gary Kazantsev)

03/2026 **IVADO**. Workshop on Social Reasoning and the Ecology of Thought. (Hosted by James Evans)

06/2025 **University of California, Berkeley**. 9th Workshop of the Center for Human-Compatible AI

07/2024 **Charles University and Czech Technical University**. Machine Learning and Modelling Seminar. (Hosted by Martin Holeňa)
